Wittman Construction

Building Your Business Starts Here

One size fits all. In hats and scarves it's a convenient concept, but it simply won't do when it comes to the space that houses your business. Wittman Construction, a specialist in office, retail, warehouse and industrial building is a great resource helping companies achieve their unique footprints in the tri-state area. In addition to its build-to-suit services, Wittman Construction also provides building maintenance, space planning, interior design services and energy-efficient construction. No project is too small.

But the company itself is smaller than most, a distinction that owner/project manager Tom Wittman says is a positive. "We're a small company with mid-size to large capabilities," he says. "Our overhead is significantly lower than our competition's, which allows us to offer our customers some of the most aggressive pricing in the industry." Satisfied clients include such prominent businesses as Great Clips Hair Salons, USA Phone.com, Korman Commercial, and The Vesper Club.

At Wittman Construction, everyone on the full-time staff is a project manager. Knowledge of every project on the company's docket allows the team to offer its clients unparalleled service. "Everyone on my team knows the ins-and-outs of every project we have in service," says Wittman. "When you have a question or concern about your job, you aren't left hanging because your point person is out in the field. Any one of us can respond to a client with the answers they need in a timely fashion."

Wittman Construction's commitment to customer service and its reputation for quality work have made the past year its busiest one to date. If you've recently purchased or leased a building for your business, Wittman urges you to give the company a call to discuss the best way to customize your space. "If you buy something that has 3,000 square feet and six offices but you need 12, 15 or 20 offices, we are the people to call," he says. "We customize the space for you in a way that allows you to work in the most efficient manner and will bring you the greatest success. Building your business starts here."

To contact Wittman Construction for a free, no-obligation estimate, call **Tom Wittman at 609.261.0606**.
